This week we learned that God is Love, God is Good, God is With You and God is Enough! While these principles are easy to grasp in good times, they require a great deal of faith & hope in the midst of circumstances beyond our control. So what do you do when you find yourself thrust into a situation that is SO BIG and SO HARD and BEYOND your control and everyone is watching you? Will you walk by faith or in fear – or a little bit of both?

Take a moment and reread Hebrews 11 in full context and answer these questions. Use the space available to write down your answers.

(Note: This would be a great exercise to do in a Small Group or with your family)

1. In light of the first few verses, how would you define Faith?
2. Some say it is harder to believe “there is no God” than to believe “there is a God”...some believe that you must be trained to believe there is no God. Do you agree? (Hint: Have you ever explained the existence of God to a child? Why do you think it is so easy for them to believe and understand?)
3. Verses 7-12 & 17- 40 describes men & women of exceptional faith. Some named and some unnamed. Who do you relate to most in this Hall of Fame of Faith? (Named person or an unnamed person?)
4. Verses 13-16 describe these people as aliens, nomads & foreigners. Discuss what that means and the implications of living “our” lives with that same perspective.
5. Pastor Steve said: there are both INNER and OUTER responses to faith. What do you think he was referring to? Which comes first - inner or outer?
6. What role does Faith play in our salvation?
